

## HNB Sheeba III

Date of Birth: 05/24/2021  
Registration 1: CI334485

AKA Maleficent. This long-legged black beauty is our herd protector. It's not uncommon to see her watching over a rowdy crew of calves playing out back. She is the first to investigate any pasture intruders and will have the situation handled before you even know they were there....even if it's just a rogue turkey while the sun is coming up.
